# COMPANY PROFILE

[www.bmscyber.com](http://www.bmscyber.com)

## Who We Are

BMS Cybersecurity Innovations is a forward-thinking technology solutions provider and certified Odoo partner, dedicated to helping businesses across diverse industries harness the power of digital transformation. Founded with a mission to bridge the gap between business complexity and technological simplicity, we deliver intelligent, scalable, and integrated systems that drive operational excellence.

With a team of experienced business consultants, software engineers, and IT specialists, BMS Cybersecurity Innovations designs and implements solutions tailored to the unique needs of each client, from growing SMEs to large enterprises. Our deep expertise in Odoo ERP, IT infrastructure, and business automation empowers organizations to work smarter, move faster, and grow with confidence.

As a trusted Odoo partner, BMS Cybersecurity Innovations brings global best practices to local businesses, ensuring every solution we deliver is not only technically sound but strategically aligned with your business goals. We don't just implement software, we engineer the future of your business.

## Mission

To deliver accessible, world-class Odoo ERP and IT solutions that streamline operations, empower smarter decisions, and foster long-term business growth through trusted partnerships.

## Vision

To be the most trusted technology and innovation partner empowering businesses across Africa and beyond through intelligent, integrated, and future-ready digital solutions.

## Industries We Serve

We provide specialized IT services across a wide range of industries, including:

Manufacturing

Supermarket  
& Retail

Logistics &  
Supply Chain

Logistics &  
Supply Chain

Hospital  
& Healthcare

Educational  
Institutions

Insurance  
Companies

B2B  
Companies

# Core Values

## **Innovation**

At BMS Cybersecurity Innovations, we continuously explore emerging technologies and methodologies to deliver solutions that keep our clients ahead of the curve.

## **Integrity**

We operate with full transparency, honesty, and accountability in every engagement, from the first consultation to long-term post-implementation support.

## **Client-Centricity**

Every solution we design begins with a deep understanding of our client's unique challenges, business goals, and long-term vision.

## **Excellence**

We hold ourselves to the highest standards of quality in every project, product, and service we deliver no exceptions

## **Collaboration**

We believe the best outcomes emerge from working closely with our clients as true strategic partners, not just service vendors.

## **Impact**

We measure our success by the tangible results we create — efficiency gained, costs reduced, and revenues grown.

## **Growth-Oriented Mindset**

We embrace continuous learning, innovation, and improvement, empowering our team and clients to adapt, evolve, and achieve sustainable business growth.

## **Resilience**

We remain agile, proactive, and solution-focused in the face of challenges, ensuring reliable service delivery and long-term success for our clients.

Our core values define who we are and how we do business. They guide every decision we make, every solution we deliver, and every relationship we build, ensuring we create lasting value for our clients, partners, and communities

## Odoo ERP Solutions & Consultation

As a certified Odoo partner, BMS Cybersecurity Innovations provides end-to-end ERP implementation, customization, and strategic consulting services. From initial needs assessment to full deployment and staff training, we ensure your business runs on a fully integrated and efficient platform.

Official Partner

## IT Solutions (Hardware & Infrastructure)

BMS Cybersecurity Innovations supplies and configures reliable IT hardware and infrastructure solutions built to support your business operations at every level — from workstations and networking equipment to servers and storage systems.

**01**

### Hardware Procurement & Professional Setup

Supply and install quality computers, laptops, printers, and other IT equipment for your business.

**02**

### Network Infrastructure Design & Configuration

Design and set up secure, reliable networks that keep your devices connected and running efficiently.

**03**

### IT Support & Preventive Maintenance

Provide technical support and regular maintenance to prevent issues and keep your IT systems performing at their best.

**04**

### Server & Storage Solutions

Set up servers and storage systems that securely manage, store, and protect your business data.

# Business Workflow Automation

We analyze your existing business processes and engineer intelligent automation workflows that eliminate manual tasks, reduce human error, and free your team to focus on high-value work.

**01**

## Process Mapping & Optimization

Analyze and improve your business processes to make them faster, simpler, and more efficient.

**02**

## Automated Approval & Notification Workflows

Automate approvals and send instant notifications to keep work moving without delays.

**03**

## Document Generation & Automation

Automatically create documents such as invoices, reports, and quotations to save time and reduce errors.

**04**

## Third-Party System Integration

Connect your business systems with other software and applications for seamless data sharing and improved productivity.

## Websites & E-Commerce Development

BMS Cybersecurity Innovations designs and develops professional, high-performing websites and e-commerce platforms that powerfully represent your brand and convert visitors into loyal customers.

**01**

### Corporate Website Design & Development

Design and build professional, responsive websites that showcase your business and strengthen your online presence.

**02**

### E-Commerce Store Setup (Odoo & Custom Platforms)

Automate approvals and send instant notifications to keep work moving without delays.

**03**

### Payment Gateway Integration

Integrate trusted payment gateways so customers can make fast and secure online payments.

**04**

### SEO Optimization & Digital Presence Management

Optimize your website for search engines and manage your online presence to increase visibility and attract more customers.

# Odoo Business Modules

We implement and customize the full suite of Odoo functional modules to meet the operational demands of your business

**01**

## **POINT OF SALE (POS)**

Seamless, real-time sales management for retail and food service environments

**02**

## **CRM**

Track leads, manage pipelines, and convert prospects into loyal, long-term customers

**03**

## **SALES**

Streamline quotations, orders, pricing, and customer invoicing with full visibility

**04**

## **Human Resources (HR)**

Manage recruitment, attendance, payroll, appraisals, and employee performance

**05**

## **Accounting**

Real-time financial reporting, invoicing, tax compliance, and automated reconciliation

Our expertise extends beyond these modules, with a comprehensive range of Odoo solutions tailored to your industry's unique requirements.

# Our Commitment To Quality

At BMS Cybersecurity Innovations, we are committed to delivering the highest quality services and solutions to our clients. This commitment to excellence is woven into every aspect of our operations.

## Rigorous Quality Assurance

We have implemented stringent quality control measures throughout our service delivery process to ensure consistent, reliable, and error-free results.

## Continuous Improvement

Our team constantly evaluates our practices and seeks opportunities to enhance our methods, tools, and technologies to better serve our clients' evolving needs.

## Dedicated Customer Support

Our responsive and knowledgeable support staff is available to address any questions or concerns our clients may have, ensuring their complete satisfaction.

## Compliance and Certifications

We maintain industry-leading certifications and adhere to the strictest security and compliance standards to protect our clients' sensitive data and systems.

## Transparent Reporting

We provide our clients with detailed, data-driven reports on the performance and impact of our services, empowering them to make informed decisions.

By upholding these quality principles, Bloomhive Company Limited is able to consistently deliver innovative, reliable, and impactful solutions that exceed our clients' expectations.
